NIS CHAPTER IX MEMO NO. 33
(REVISION)
DATE 17 September 1957

MEMORANDUM FOR: NIS Chapter IX Contributors

SUBJECT: Placement of titles in tables of maps and plans of
urban areas

1. Please submit the table for maps and plans of urban areas with the headings in the following order:

Item No.
Title of map or plan
Name of town
Coordinates
Scale
Authority
Date
Remarks
Availability
Classification and control

2. In some of the earlier Chapters IX the name of the town was listed immediately after the item number. Since the item number refers to the map or plan -- not the town -- the order of the headings has been changed to place the title of the map or plan directly after the item number, followed by the town name and coordinates. The listing is arranged in alphabetical order by town name, as in the past, to allow for ready reference.

3. The order of the last six headings has not been changed.
